BISD's Look-Ahead Program Schedule Provides Local Construction Community Time to Plan Bids on Contracting Opportunities

Beaumont, TX (December 1, 2009) – Beaumont Independent School District and its construction partners are serious about keeping the Beaumont construction community informed of opportunities with the bond program. Vendors may see up to a six-month advanced look at program schedules. Bond project RFPs and bids are posted at www.beaumont.k12.tx.us/business/bids/bond/.

“BISD is making the process of bidding the bond project-work easier by providing local contractors and vendors with advance notification schedules of bid dates through August 2010,” reports Bob Menefee, Senior Project Manager for Parsons, the Program Management Team for the Bond Program. “As the design phase of a project is completed, a specific scope, bid due date and time will be furnished to those companies interested in submitting a proposal.

For more information on upcoming construction projects, please contact Parsons representatives, Mark Rodriguez (mark.rodriguez@parsons.com), 409-617-5783 or Bob Menefee (bob.menefee@parsons.com), 409-617-5773.
